Jaypee University of Engineering and Technology

x = independently organized TED event

**SATURDAY
11TH APR 2026**

UNTETHERED

TED

TED is a nonprofit organization devoted to Ideas Worth Spreading. Started as a four-day conference in California 30 years ago, TED has grown to support its mission with multiple initiatives. The annual TED Conference takes place each spring in Vancouver, British Columbia. TED's media initiatives include TED.com, where new TED Talks are posted daily; the Open Translation Project, which provides subtitles and interactive transcripts as well as translations from volunteers worldwide.

TED^x

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection. These local, self-organized events are branded TEDx, where x = independently organized TED event.

Date

11th Apr 2026

Venue

Tagore Hall,
Jaypee University of Engineering &
Technology, Guna

Theme

UNTETHERED

In a world that constantly tells us who to be, how to feel, and how fast to move, “Untethered” is an invitation to pause and break free.

TEDxJUET 2026 explores what it means to live beyond invisible constraints: emotional, social, digital, and systemic. It is about loosening the ties that bind us to fear, conformity, comparison, and performative living and choosing authenticity over approval.

As algorithms shape our choices and speed replaces depth, we often lose touch with what truly makes us human. Untethered brings forward ideas that challenge emotional numbness, inherited narratives, and limiting identities. It celebrates **courage**, the courage to feel deeply, think independently, and live intentionally.

Through lived experiences and honest perspectives, this edition of TEDxJUET seeks to reignite passion, reclaim emotional depth, and affirm individuality as a fundamental human right.

Untethered is not about escape, it is about awareness. It invites us to reconnect with ourselves, question what we’ve accepted without thought, and imagine more grounded, meaningful ways of living, relating, and creating.

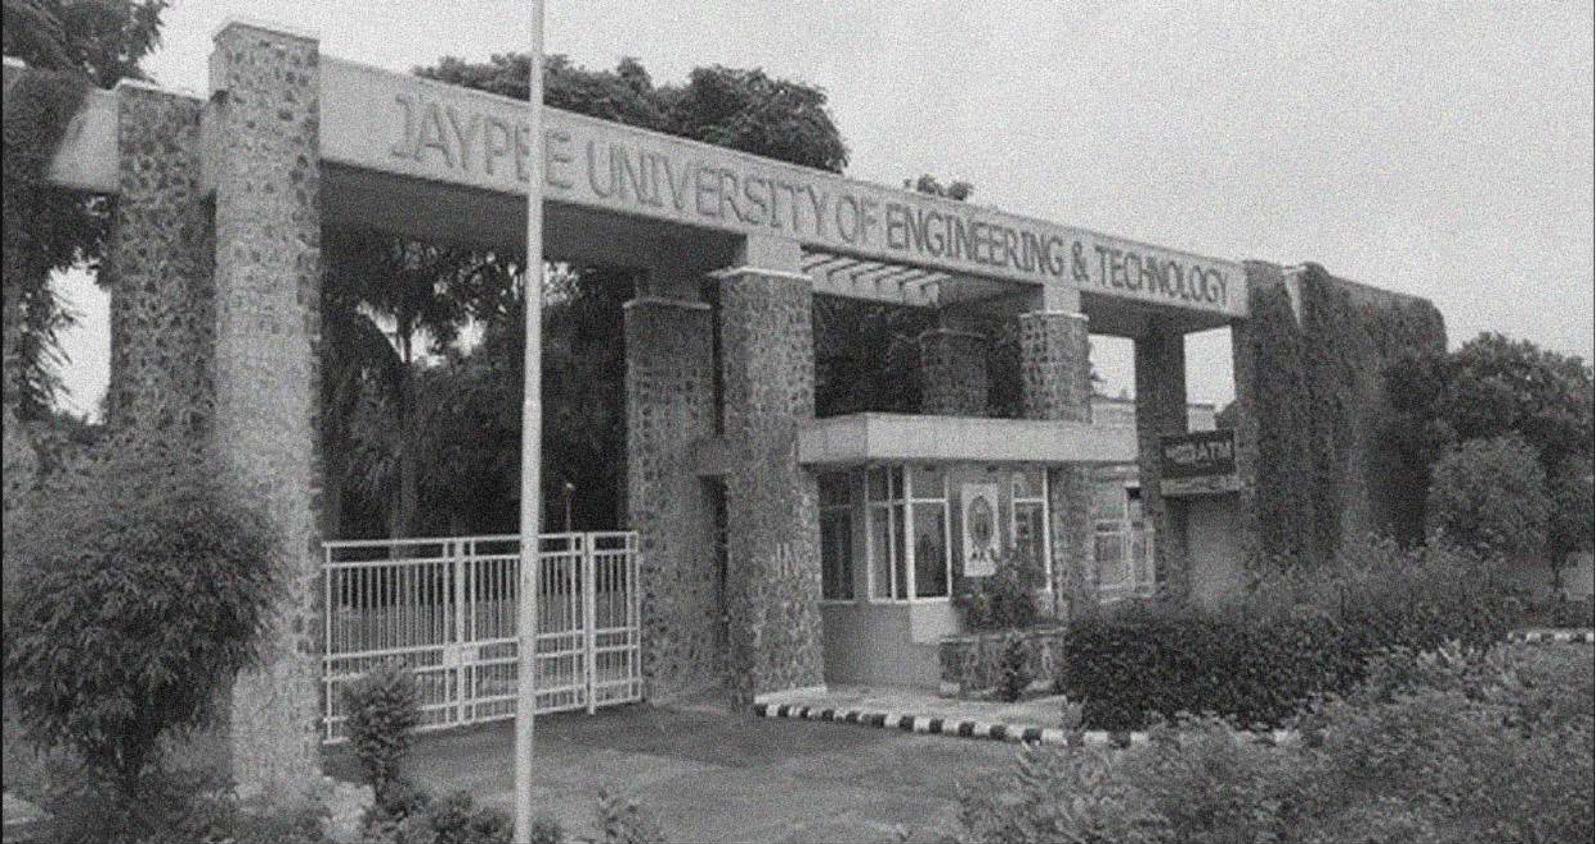

About TED^x JUET

TEDxJUET is an independently organized TEDx event hosted at JUET Guna, created with the belief that powerful ideas deserve a space close to home. It brings the spirit of TED to our campus by welcoming voices that think deeply, question boldly, and care about the world they shape. Over the years, TEDxJUET has grown into a shared experience for students, speakers, and the wider community. We have brought together individuals from across the country alongside local voices, not just to inspire, but to connect, reflect, and learn from one another.

At its heart, TEDxJUET is about nurturing curiosity and pride in ideas. It is a celebration of thoughtful conversation, collaboration, and the belief that meaningful change can begin right here, within the vibrant campus of JUET.

What makes TEDxJUET unique is its student driven spirit and its strong connection to the university community. Curated and organized with care, the event encourages open dialogue across disciplines and backgrounds, creating an environment where ideas are explored with curiosity and respect.

As TEDxJUET continues to grow, it remains committed to creating a space where ideas are shared with honesty, responsibility, and purpose. Each edition is a step toward building a more thoughtful community, one conversation at a time.

About JUET

Jaypee University of Engineering & Technology, Raghogarh, Guna (Madhya Pradesh), was established in the year 2010 under the provisions of the Madhya Pradesh Private University Act. The University is recognized by the University Grants Commission under the UGC Act, 1956, and is authorized to confer degrees as per Section 22 of the Act.

The University has been awarded NAAC Grade “A+” in Cycle II, effective from March 2023. JUET is situated on a well developed, green campus equipped with modern academic infrastructure, including advanced laboratories and a comprehensive library, creating a conducive environment for learning and research.

JUET offers a wide range of academic programs in emerging areas of technology at the degree level. Research and innovation form a core focus of the University and are integrated into its academic framework to support excellence in education and scholarly pursuits.

TEDxJUET

PAST SPEAKERS

Charvi Jain

Charvi Jain is a psychologist and entrepreneur, and the founder of Over a Cup of Tea. She works to make mental health support accessible, relatable, and stigma free through open conversations and community spaces. Her work encourages emotional awareness and empowers people to seek help with confidence and compassion

Bhawana Dhariya

Bhawana Dhariya is an Indian mountaineer who has conquered Mount Everest, the highest peak in the world. Her journey reflects resilience, discipline, and unwavering determination in the face of extreme challenges. Through her achievements, she inspires young people to push beyond limits and believe in their own strength.

Babulal Dahiya

Babulal Dahiya is a farmer, poet, and guardian of India's agricultural heritage. A Padma Shri awardee, he has preserved more than 110 indigenous rice varieties through decades of dedication and grassroots work. His life stands as a powerful reminder that sustainability, culture, and wisdom often grow quietly from the soil.

TEDxJUET

PAST SPEAKERS

Dheeraj Rathi

Dheeraj Rathi is a business strategist, financial advisor, and startup mentor with a strong focus on sustainable growth. He works closely with entrepreneurs to help them navigate strategy, finance, and decision making in early and scaling stages. His insights bridge practical business thinking with long term vision.

Gajendra Purohit

Gajendra Purohit is a renowned mathematics educator and entrepreneur dedicated to making learning accessible and fear free. As the founder of MathCare Foundation, he supports students through affordable and high quality education. With a community of over 1.7 million learners across social media platforms, his work has helped countless students build clarity, confidence, and a lasting connection

Sheik Farooq Chisty

Sheik Farooq Chisty is an entrepreneur and Web3 visionary with a strong focus on decentralized technologies. As a head at Zo labs and a three-time founder, he works at the intersection of innovation and digital autonomy. His journey reflects a deep belief in building systems that empower individuals and reshape how we interact with technology.

In-Kind Donation

Not all support comes from cash, and we deeply value those who contribute through services, expertise or resources. At TEDxJUT, in-kind donations play a crucial role in bringing our event to life. If your business provides any of the following, we'd love to collaborate with you:

- x Printing Partner**
- x Gifting Partner**
- x Food Partner**
- x Beverage Partner**
- x Transportation Partner**
- x Media Partner**
- x Fashion Partner**
- x Merch Partner**

We believe that each and every contribution matters and is unique in nature. Therefore, the benefit package is unique and customizable, based on the donor's requirements and university guidelines. In-kind donations are subject to the university's rules and regulations and will be distributed on a first-come, first-served basis. Your support will be showcased to a diverse and influential audience, including students, faculties, professionals, entrepreneurs, and changemakers.

All in-kind partners receive:

**Logo placement
on the official website**

**Recognition across
print media**

**Promotion opportunity
on social media**

Stall placement opportunity

(Extra amount shall be charged for stall installation)
